## Assessment Policy

January 2022

Next review date: January 2023

**Please note: 'School' refers to Early Years Foundation Stage (Little Pilgrims, Kindergarten and Pre School) and Pilgrims Main School.**

(Also refer to; Learning and Teaching, Monitoring and Evaluating, Curriculum, SEN, Able Gifted & Talented and Marking policies)

Teacher Assessment is first and foremost about helping pupils to learn.

## **AIMS**

1. Achieve high standards for all children.
2. Create a stimulating environment to allow each child to develop academically.
3. Offer a balanced curriculum that will help children to develop enquiring, independent and imaginative minds.
4. Promote the involvement of children in their own learning and encourage self-motivation and a sense of achievement.
5. Identify children who may need help over and above the opportunities offered within the classroom situation.

## **OBJECTIVES**

### **1. Learning**

Pupils are actively involved in their own learning, through discussion, investigation, observation and play. Pupils are given the opportunity to work collaboratively. Pupils are offered open ended tasks and questions.

### **2. Teaching**

Teachers use a range of approaches to pupil learning by exposing children to a variety of activities, by demonstrating, by key questioning and by offering practice and consolidation in their work.

### **3. Assessment, Recording and Reporting**

We aim to respond to and share in children's work through:

- day to day marking of pupil's work (refer to the marking policy)
- sending pupils to other members of staff to show good work
- involvement of the parents in target setting
- involving pupils in taking responsibility for learning and achieving targets
- classroom display

## **ASSESSMENT**

See table of Assessment Systems in Place - (copy in Monitoring and Evaluation policy)

### **Formative**

Class teachers and the Key person(s) monitor, evaluate and review children's work, achievements and progress through ongoing assessment. In the Early Years continuous observations are carried out on each child and records are kept on Evidence Me. In Little Pilgrims, Kindergarten and Pre School, next steps in learning are planned and delivered 'In the Moment'. Gaps in learning are identified using practitioner knowledge and experience and with reference to Development Matters 2021 and Birth to Five Matters. There is ongoing dialogue between class teachers, Early Years practitioners, parents, Room Leaders and Department Managers and additional support or extension activities are provided as appropriate.

When a child has turned 2 years old an EYFS progress check is carried out and shared with the parents highlighting development stages and next steps.

In the summer term Pre School Share information regarding attainment with Reception teachers. Throughout the final year of the EYFS, each child is continually observed and informal judgements are made against the areas for Good Level of Development to inform internal assessment trackers. At the end of the academic year when the child turns five, the EYFS Profile will be completed for each child as a record of their achievements. Alongside this, the child's Characteristics of Effective Learning are also analysed.

In Key Stage 1 and 2 records of each child contain dated and assessed pieces of work in numeracy and literacy. Each half term, KS1 staff update class records for reading, writing and numeracy against the end of year objectives on the school's internal tracking system to make a Point In Time Assessment (PITA) for the three areas. The PITA score reflects how the children are currently judged to be working based on the work covered.

### **Summative**

**Pre School** – At the end of Pre School, practitioners carry out informal assessments to inform Reception teachers about phonic knowledge, letter formation, name writing and basic maths concepts.

**Reception** – Termly assessment: Baseline in September and then repeated in the Spring and Summer. Reading: Assessing number of sounds and words known. Writing: Assessing ability to hear sounds, pencil grip, through to ability to write in sentences. Numeracy: Assessing key skills identified within Development Matters.

**Year One** – Headstart Maths Test is undertaken in September and January and the Salford Reading Test is also undertaken in January. Progress Tests in Maths 6 (PTM), Progress Tests in English 6 (PTE), Verbal and Non-Verbal standardised assessments are undertaken in May. Children complete an unaided writing assessment termly.

**Year Two**–The Salford Reading Test and Headstart Maths and Reading Tests are undertaken in September and May. PTM 7, PTE 7 and CAT4x (verbal and non-verbal) assessments are undertaken in January. Children complete an unaided writing assessment termly.

### **RECORDING**

Record keeping should be manageable, useful and provide a basis for reporting of attainment and progress. Records should be used to review progress and set appropriate targets, evaluate teaching programmes and influence curriculum planning.

Records should be updated regularly and include;

- reading records
- mark books
- notes on daily or medium-term planning about individual children
- Learning Journals and records of developments
- Internal Tracker Grids completed to reflect ongoing records of attainment

### **REPORTING**

There are two consultation evenings per year, held in October and February where parents have the opportunity to meet with their child's Class Teacher or Key Person. The parents of children in Little Pilgrims, Kindergarten, Pre School and Reception receive an electronic Learning Journal which is shared with parents throughout the year. At the end of the year they also receive a 'Yearbook' containing photographs of significant events and activities, along with an end of year report. Parents of children in Key Stage 1 receive an annual written report in June. In Key Stage 1 reports contain a section on

'Personal Development' which summarises a child's approach to learning, attitude, social development, characteristics and personality. There is also a 'Summary of Learning and Development' for the curriculum that has been taught. PITA, Progress and Effort grades are listed on the report along with 'Next Step' targets for both Personal Development and Learning and Development. The Reception report follows a similar format with a section on 'Characteristics of Learning and Personal Development' and a 'summary of Attainment' based on the seven areas of learning. The child's 'next steps' are also identified on the report and Parents in Reception are informed of their child's progress and achievements regarding the EYFS Profile scales at the end of the academic year. For both Reception and Key Stage 1 there are also written comments for computing, music, French and swimming completed by the specialist staff to summarise effort and attainment for the year in those subjects. In Little Pilgrims, Kindergarten and Pre School reports are based on the seven areas of learning from the Early Years Foundation Stage Curriculum (Prime Areas for the under twos) along with the Characteristics of Effective Learning. An invitation is issued to all parents to come and discuss these reports if they wish to do so. In addition to these formal occasions parents are free to come and discuss any aspect of their child's work with the class teacher or Key Person as the need arises.

### **SPECIAL NEEDS**

All children identified at School Action or above have an IPP. The details are included in the SEN policy.

### **ABLE, GIFTED AND TALENTED**

Children who have been identified as Able, gifted or talented and who require further differentiation to that provided within the normal classroom environment, will be given a ChIP (Challenging Individual Programme) or a ChGP (Challenging Group Programme).

## **4. Organisation**

The teacher will organise the classroom to provide learning opportunities to meet the range of needs of the pupils and fulfil the long, medium and short-term plans.

## **5. Management and Co-ordination**

The Assessment Co-ordinator will:

- monitor and evaluate the policy
- monitor and evaluate the results of year assessments in conjunction with the Headteacher
- set targets rising from the above
- organise and lead termly assessment analysis meetings with each year group in main school
- plan and lead staff meetings as required
- plan INSET as required
- be aware of new materials and make recommendations to the Headteacher/staff
- monitor classroom practice through observation
- monitor planning and target setting

## **6. Resources**

- non contact time
- assessment papers
- specialist diagnostic assessments – through the work of the SEN Co-ordinator

## **7. Equal Opportunities**

School procedures for assessing pupils will not discriminate on grounds of gender, race or disability.
